

Jewish Women's Endowment Fund of New Mexico (JWEF)

Women donors in our community created the JWEF to provide small grants to support programs and services for New Mexico Jewish women and/or children in the areas of education, health, Jewish identity and social services.

Grant applications are accepted and grants are provided each year.

Members volunteer their time to oversee the grant making process. As of July 2017, the JWEF has 30 members and encourages new members to join and become involved.

Memberships start at \$1,000, and are open to all. Donations are payable in installments.

The JWEF is a fund of the Jewish Community Foundation of New Mexico.

Grant Application
